

**CIT SANDWICH POLYTECHNIC COLLEGE, COIMBATORE – 641014**

**Department of Mechanical Engineering**

**Mechanical Engineering Association Activities**

**Venue :** Auto Lab & Lecturer hall -10

**Date :** 09.01.2019

**Time :** 3.45 Pm

Mechanical Engineering Students Association (MESA) conducts an event every alternate week for the students of 2nd and 3rd year Mechanical Engineering Students. As part of this, MESA conducted Memory Competition for the 2nd year students of the Department on 09-01-2019.

Event publicity: Event publicity was carried out by the co-coordinators of 3rd year. The circular was taken class to class and the students were informed about the event.

Need of Memory Competition: Our ability to remember is being eroded day by day. Most of the students are not aware of scientific methods of memorisation, hence they are going through lot of stress and failure. Be it a student or a professional or any adult, memory is at the heart of everything we do – academics, examinations, communication, creativity, and thinking – indeed it is the root of our existence. Hence, there is a need to train and practice memory as a sport, as a hobby so that we remain active throughout our life.

These Memory Competition will give an opportunity for the students to master these techniques and excel in their examinations.

## Memory Competition conducted in Auto Lab

## Memory Competition conducted in Lecturer hall -10

### Prize Winners

1. SURYA. R (LM1807)  
GUNASEELAN .R (M1610) - II YAER Mechanical Engg
2. SHAKTHI DHARUN .R (M1730)  
SATHEESH KUMAR .P (M1729) - II YAER Mechanical Engg
