"Education is the most powerful weapon which you can use to change the world."

- A.P.J. Abdul Kalam

From Correspondent's Desk

We impart education to match the advancement in technology and globalization. As Aristotle's words, heart should be educated before the mind is educated. Otherwise education is not an education at all. Marching the students ahead with moral values and principles is an important task. I applaud the team members for making this Endeavour to instill the qualities, creativity and imagination

From Principal's Desk

We live today in a world that is so very different from the one we grew up in, the one we were educated in. The world today is changing at such an accelerated rate and we educators need to pause and reflect on this entire system of education. These are the factors that motivate the students to go through continuous process of reflection. So I congratulate the entire editorial team for their hard work and dedication

From Director's Desk

The college follows a unique pedagogy to ensure its students in having the opportunity to face the rigors of ever-changing demands of real world situations. It is again supplemented by on-going and regular interaction with business and industry leaders, providing the students a practical platform to assess and experience the application and effective results of what is taught as concepts in their classrooms. The faculty members are experts at integrating knowledge with competitive insights and practical applications.

From Principal's in-charge Desk

It is a matter of great pride and satisfaction to bring out the Newsletter for the period June 2019 to September 2019. The College has made tremendous progress in all areas academic, non-academics, capacity building relevant to staff and students. This edition of the Newsletter reports the significant activities carried out by Students and Faculty in the areas of Teaching and Learning, Co curricular and Extracurricular activities.

From Secretary's Desk

The biggest challenge we all face today is to prepare the students for a globalized world. In fact students do not have the same talents and so each one will achieve success differently. So the educators being facilitators should find the specific field of interest and encourage the students. I solicit the students too honestly to do their best that they can which could not stop from being success.

College Governing Council Meeting

The meeting of the College Governing Council was held on June 17, 2019. Experts from reputed institutions and industries were present as Members. The Cloud Of Memories

The moments, I cherished
Fluttering through corridors,
Longing to capture the virtual...
Within the mirror of my eyes.
Shoulders of love, hugs and smiles
Words and gesture, anxiety or delight
Lived every moment and my friend
Sweet or sour it's what we were..
A problem, I've never feared
Complexity, I've never experienced
Gender inequality, I've never heard
Loneliness, I've never met.
I leave everything behind
But memories bind
Will I ever get a chance
To live my school life again?

பேச்சிலும், மூச்சிலும் கலந்த என் இனிய
செந்தமிழ் மொழிக்கு வணக்கம் !
மங்கையும், மழையும் :

மேகத்திற்கு மகளாய் பிறந்து
வாய்க்கால் என்னும் வாழ்க்கையை தொடர்ந்து,
கால்வாய் என்னும் கல்வியில் கரைந்து
ஆசிரியர் என்னும் அணையை அடைந்து
நட்பு என்னும் நதியில் இணைந்து
கணவன் என்னும் கடலுடன் கலந்து,
நீரும், பெண்ணும் ஒன்று என்று உணர்த்திய
உன்னை, நான் மறவேன்.
