ECE DEPARTMENT STAFFS,

STUDENTS of III YEAR ECE AND II YEAR ECE.

INAUGURATION FUNCTION

ELECTRONICS AND COMMUNICATION ENGINEERING
ASSOCIATION 2K23-24

[3 | 07 | 2023]
[MONDAY]
[CONFERENCE HALL]

INAGURATION REPORT

CHIEF GUEST : Mr. T. VINU CHARLES

(HR MANAGER AT MEHALA MACHINES INDIA LTD)

TOPIC : INCULCATING INNOVATION AS A CULTURE

On 3rd July 2023, our Electronics and communication Engineering association organised its inauguration function that was held in the conference hall. The chief guest was HR at **MEHALA Machines**. The students & faculty of Electronics and communication Engineering Department were invited to the function with the office bearers we decorated the conference hall for the chief guest invite. The program was hosted by provided tea and snacks to full fill them.

The event was started with Tamizthaivazhthu by girls students from Electronics and communication Engineering department. The welcome address was given by Mr. Abishek P. after that warm welcome Introduction to chief guest was introduced by Mr. Udhayakumar K.G. Then our honourable chief guest had delivered a talk on ***“Inculcating innovation as a culture”*** with us. He described a role of a student by Giving a suitable examples. He also discussed his experiences of different places of teaching and guiding. He discussed very minutely about the creativity, innovation, inventions as a culture. Finally, he wished the office bearers for providing all kind of facilities done and giving him the opportunity to be a chief guest.

VOTE OF THANKS : MUKLESHWARAN .R III YEAR DECE
JOINT SECRETARY

NATIONAL ANTHEM

It was followed by a memento given to the Chief Guest By The Head of the Department in Electronics And Communication Engineering Mrs. N Noor Aisha Nasreen.

The ceremony was successfully completed with vote of thanks by Mr.Mukileshwaran R. The day was fulfilled with enjoyments. The program was pleasantly finished with the National anthem.

TECHNICAL QUIZ

The event was started with great excitement on 27.07.23). The students were formed in 4 to 5 of a group and participated in the event. A total of 50 students were there to participate in it. We started the event in a peaceful manner.

RULES :-

- The question will be displayed in the screen.
- Time countdown will be set to the question
- When the countdown time reaches the student from group should raise their hands.
- First three students who raise their hands will get their chance to choose the answer.
- If the answer were correct the points will be given to the team.

The quiz contained a total of 30 questions. The students were so excited about participating in the event. As we could not control them to begin the event, our faculty helped us to manage the students and decided to go with a new plan of undertaking. In which the third year and second-year students were separated into two teams with 10 questions each for a team. The best two groups from team A and team B are selected for the next round.

The questions were made technically so they could find them easily according to their subjects. There was a group discussion between them, and their curiosity to raise their hands to choose the answers made it difficult to choose their positions, an unforgettable moment in it. The way they regretted the wrong answer and enjoyed the correct answer showed their interest in it. Continuously, two groups were selected with high points from each team and conducted the final round. The balance of 10 questions were given to these four groups and selected with 3 prize winners. The event ended with nice memories, and the students were asking us to conduct more events like this, and there were more participants than in the previous activity, “**Content Creation.**”.

PAPER PRESENTATION

"The only thing we have to fear for is fear itself".

The wonderful day was held in October. It was a quiet evening, and I feel good. We all gathered in our lab to face the fear that likes to fit with us. As we challenged ourselves to overcome many topics with great confidence. We started our presentations peacefully after overcoming the drawbacks we faced in previous activities.

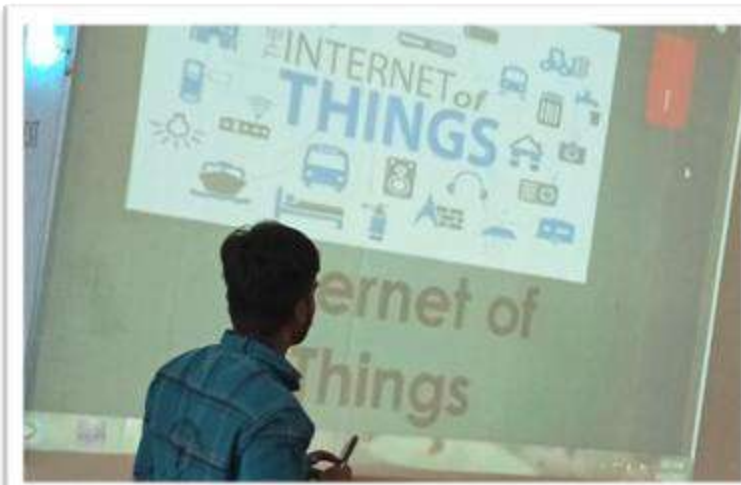

There were total 32 members of 3rd year. The topics were

- Internet of things (IOT)
- 5G networks

The participated students were very well prepared for their presentations and additional of the topics had presented by some of the participants which was attractive, unexpected and knowledge to about it. The beauty of this occasion done by photographs, videos were taken by Ourselves for colorful memories.

At the end of association activity the photos and videos had made them to know their own talents and skills that they had with them,

All the participants had presented their best on presentations.

CODE DEBUGGING

That was a wonderful evening and also last our association activity held on **22.12.2023**. The question paper was distributed to the students.

Instruction :-

- * A group must contain 5 or more students.
- * 1/3rd of the questions were given in the form of short answer and error in the code.
- * One program was given them to compile the program in online.

A total of 3 groups in 3rd year and 4 groups in 2nd year were formed before starting the event. The questions were not too difficult. It was enough to answer without using web search. The motive of this event to be sharing your answers and collage with team members to complete the task which was given to them as a team.

"Valedictory Function"

13
MARCH | 2024 | WEDNESDAY

VALEDICTORY FUNCTION

That was a wonderful evening, with my friends and faculties for the event of ECE Association valedictory function. Which was held in the middle of March dated 13.03.2024.

It had to be tears of joy to start the valedictory function and end the ECE association. On behalf of that day, we invited our chief guest Dr.J .Devishree professor at Coimbatore Institute of Technology.

Firstly we started our event with the Tamilthaivazhthu and then a welcome speech was given by **Mr.Felixrubin.R** students secretary of the ECE association and chief guest address were given by **Mr.Sriram.S** student Secretary of the ECE association.The chief guest addressed their experience of learning in their college days and we had a great discussion about the topic of robotics and their uses in our day-to-day lives.

The head of the Department **Mrs.N Noor Aisha Nasreen** congratulated the Prize winners and honored the chief guest with memento.

Finally, the prize we congratulated and the certificates were received by the winners through our chief guest **Dr. Devishree J**, and ended with the national anthem.

PRIZE WINNERS
